

The Honorable Judge Hayes,

rec'd
for filing 2/28/15
JAH
Feb 15, 2014

I'm writing you about our current living conditions. For one a month here at the Maury County Sheriff's Department. We have had problems out of our sink and toilet combo in our pod. The pod that I'm currently being held in is built to accommodate 48 total inmates. We have three showers, three toilets and sink combos and one handicap toilet and sink combo. For one a month now, one of the three regular toilets has not worked at all, another one works when it wants to, and now the sink on the handicap toilet has been running for four days now. We have brought it to the attention of several Correctional Officers attention about our toilet problems and nothing has yet to be done. I have already filed a Civil Law suit with your court. So I am writing you this letter of concern hoping that you would come to the Maury County Sheriff's Department

to see the inadequate living
conditions that the Maury
County Sheriff's Department
has for the inmates.

Thanks for your time and
patience.

Thanks
